How it works

MEMBER

Chooses a Smart90 option

OR

Home delivery of a 90-day supply from the Express Scripts Pharmacy

Pickup of a 90-day supply from a Walgreens retail pharmacy

Fills a 30-day supply at a pharmacy not in the Smart90 program

Blue Cross will allow up to two 30-day fills at any retail pharmacy in our network.

We send a reminder to choose a 90-day supply method, after the first and second courtesy fills.

If the member still doesn't choose a Smart90 option, he or she will pay 100 percent of the prescription cost. We'll also send a more urgent reminder to choose a 90-day supply method and repeat this quarterly.
