

BCBSM and BCN's Internet claims submission tool is designed to facilitate claim processing for providers who are currently submitting paper claims. Submitting claims electronically provides you with faster payments, less rebilling and an easier way to track claims as they are approved.

The Internet claims submission tool:

- Is easy to use, provides faster turn-around time and is more cost effective
- Is an all-payer solution, supporting the electronic submission of professional, facility, dental, Medicare, Medicaid and commercial claims

The Internet claims submission tool supports the following lines of business:

- Professional claims (including Vision & Hearing)
- Facility claims
- Dental claims

Additional benefits or features:

- No software to load or maintain
- Payer-specific edits decrease the rate of rejection for first-time claim submissions
- Claims can be sent to all electronic payers
- Responses and remittances available in one convenient location
- Familiar user interface mimics the UB 92, CMS 1500 & ADA 2002 forms
- Quick and easy claims entry
- "Red box" editing to pinpoint errors
- Single sign on using web-DENIS
- Help advice on every page

You'll enjoy:

- Cleaner claims
- Faster reimbursement
- Enhanced cash flow
- Reduced administrative costs
- Ease of use

In order for you to have access and send claims through the Internet tool, you must be enrolled in web-DENIS. For more information about electronic claims submission, call BCBSM's EDI department at 800-542-0945. We will guide you through the necessary steps to ensure a smooth transition to paperless billing.
