

# BCBSM Physician Group Incentive Program

## Improve Oncology Practice Performance

November 30, 2007

A nonprofit corporation and independent licensee  
of the Blue Cross and Blue Shield Association

# Initiative Goal

- Encourage physician organization members/practices to enroll and fully participate in the ASCO Quality Oncology Practice Initiative™

# Quality Oncology Practice Initiative (QOPI)

- ASCO–sponsored quality improvement initiative
- Requires collection of data by chart abstraction
- ASCO provides site-specific scoring of quality measures with peer group comparison data
- Physician and patient confidentiality maintained
- Enrollment and completion of ASCO QOPI Modules
- Participation in Oncology meetings to present and discuss QOPI results

# PGIP Initiative

- Active ASCO membership
- Register members /practices with ASCO by 02/28/08
- Select core, end-of-life measures, and two modules for data abstraction and reporting
- Obtain training from ASCO
- Conduct retrospective chart reviews according to QOPI methodology
- Submit de-identified data via a secure ASCO web site
- Use on-line performance data to identify opportunities for improvement, setting explicit performance improvement goals

# Incentive Design

- Payment based solely on participation
- Complete progress report including brief “lessons learned” and “plans”
- Participate in Oncology PGIP meetings to present and discuss the QOPI Project
- Actively participate in ASCO QOPI
