Subject: Blue Cross Complete approves temporary neuropsychological testing

Effective July 8, 2024, Blue Cross Complete will temporarily approve neuropsychological testing for all cases with the exception of autism, while awaiting clarification from the Michigan Department of Health and Human Services.

Currently, Blue Cross Complete authorizes only the initial evaluation of autism, and neuropsychological testing should not be included in this assessment.

This temporary measure aims to provide comprehensive support to our members, ensuring they receive timely and appropriate care during the interim period.

If you have any questions, contact your Blue Cross Complete provider account executive or the Blue Cross Complete Provider Inquiry at 1-888-312-5713.
