Blue Care Network provides peace of mind for students away from home

Coverage while at school

As a Blue Care Network member with BlueCard® coverage, your dependents attending school can receive benefits while away from home.*

Because some BCN plans pay only urgent and emergency services outside Michigan, check your coverage before they receive care. Refer to your *Certificate of Coverage* and related riders in your member account at **bcbsm.com** or call Customer Service at the number on the back of your BCN member ID card.

Arrange for care before they go or when they're home

Your dependent has an assigned BCN primary care provider as part of your HMO plan. It's important to schedule any wellness or follow-up visits while they're home. Their primary care provider can also help to arrange for coordinated care and required authorizations before they leave for school. Log in to your member account at **bcbsm.com** or our mobile app to check for in-network providers, view or change a PCP.

For behavioral health services — mental health and substance use disorder — call the number on the back of your BCN member ID card 24 hours a day, seven days a week. A care manager will evaluate your needs and help you arrange for services.

^{*}This information is for members with the BlueCard benefit who are traveling or temporarily located outside Michigan. Please note, different guidelines apply to Blue Elect Plus[™] POS plans and student health plans.

Away from home

If your coverage includes BlueCard, a program of the Blue Cross and Blue Shield Association, your student has nationwide access to BlueCard Traditional plan physicians and hospitals when away from home. Learn more about the BlueCard program by reading the disclosure document online at **bcbsm.com**/ **bluecarddisclosure**. Or call Customer Service at **1-800-662-6667** to have a copy sent to you.

The chart below tells you how to access and arrange for care when they're at school.

Confidence comes with every card

With the suitcase logo on your BCN member ID card, dependents attending school are connected to BlueCard Traditional doctors and hospitals when away from home. Even if your card doesn't have this logo, you're always covered for emergency care anywhere you go.

You may have to pay your usual out-of-pocket expenses (deductible, copays and coinsurance) for services, but you shouldn't have any other upfront health care expenses if you use a BlueCard Traditional provider.

Mental health visits do require an appointment but many therapists and psychiatrists have evening and weekend availability. Prescriptions, if needed, can be sent to your preferred pharmacy.
