# Blue Cross Blue Shield of Michigan Custom Drug List

---

The Blue Cross Blue Shield of Michigan *Custom Drug List* is a useful reference and educational tool for prescribers, pharmacists and members.

We regularly update this list with medications approved by the U.S. Food and Drug Administration and reviewed by our Pharmacy and Therapeutics Committee. The list represents the clinical judgment of Michigan doctors, pharmacists and other experts in the diagnosis and treatment of disease and the promotion of health. New drugs must be reviewed by the committee prior to being considered for coverage. The committee selects medications based on safety, clinical effectiveness and opportunity for savings.

This drug list is updated monthly. Refer to our [Drug List Updates](#) document for recent changes or updates that may not yet be reflected on our drug lists.

## About this drug list

Use this list to find information about your drug coverage and medication options. It's divided by chapter into major drug classes or indications for use. Products approved for more than one use may be included in more than one chapter. Within each chapter, drugs are identified according to their tier placement. Refer to the "Reading your drug list" section for details.

We encourage doctors to prescribe preferred medications whenever possible. Blue Cross respects the judgment of dispensing pharmacists and expects them to contact the prescribing health care professional when a drug or dose may not be appropriate for a member. We also encourage pharmacists to contact the prescriber to suggest an alternative when a prescription is written for a nonpreferred or excluded drug.

Coverage and applicable out-of-pocket costs for drugs on this list are based on your drug plan. Not all drugs included in the list are covered by each member's plan. Drugs that aren't listed may not be covered.

Some medications excluded by your pharmacy benefits may be covered under your medical benefits. These are medications that are generally administered in a doctor's office under the supervision of appropriate health care personnel and aren't normally dispensed for self-administration.

## Nonformulary drugs (Drugs that aren't covered)

Our goals are to provide you with safe, high-quality prescription drug therapies and keep your medical costs low. To accomplish this, we don't cover some high-cost drugs that have comparable therapeutic alternatives with similar effectiveness, quality and safety, but at a fraction of the cost. We also don't cover select brand-name drugs that have generic equivalents. We don't cover glucagon-like peptide-agonist drugs used for weight loss, including Saxenda®, Wegovy®, and Zepbound® for commercial members of fully insured large groups and some self-funded groups.

For the most recent list of drugs that aren't covered with suggested alternatives, refer to [Custom and Clinical Drug Lists - Alternatives for nonpreferred and nonformulary \(not covered\) drugs](#). If you have a question about a drug that isn't covered and doesn't appear on this list, call the Customer Service number on the back of your Blue Cross member ID card.

Several drugs and drug categories are excluded altogether from coverage under this drug list and are not shown. These include:

- Prescription drugs for which there is an over-the-counter equivalent in both strength and dosage form (unless considered preventive by the United States Preventive Services Task Force)
- Drugs used for experimental purposes
- Drugs prescribed for cosmetic purposes
- Products covered as a medical benefit (for example, injectable drugs and vaccines that are usually administered in a doctor's office)
  - Note: Most Blue Cross members can get multiple common vaccines at network retail pharmacies. Restrictions may apply.
- Compounded products, with some exceptions
- Replacement prescriptions resulting from loss, theft or mishandling
- Drugs not approved by the FDA

## Preferred alternatives for nonpreferred and nonformulary (not covered) drugs

Refer to **Custom and Clinical Drug Lists - Alternatives for nonpreferred and nonformulary (not covered) drugs** for a list of suggested covered preferred alternatives for nonpreferred and nonformulary drugs that can be dispensed with lower out-of-pocket costs. Alternatives may represent a different drug class, contain different ingredients or may be available in strengths or dosage forms that differ from the prescribed branded products. When pharmacies fill prescriptions for preferred alternatives, the generic equivalents are dispensed, if available. Additional coverage requirements may apply for preferred alternatives, such as prior authorization.

## Specialty drugs

For more information on specialty drugs, see the **Specialty Drug Program Pharmacy Benefit Member Guide**. Specialty drugs are limited to a 30-day supply. Select specialty drugs are managed by the **15-Day Specialty Drug Limitation Program**. Drugs included on this list are limited to a 15-day supply for all fills. Members pay half their usual out-of-pocket cost for a 15-day supply. For more details, visit **bcbsm.com/pharmacy**.

## Preventive drug coverage

Under the Affordable Care Act, also known as national health care reform, most health care plans must cover certain preventive services and prescription drugs with no out-of-pocket costs. These drugs will have a “PV1,” PV2” or “PV3” listing in the “Notes” column of the drug list.

For a complete list of preventive drugs and coverage requirements, refer to our **Preventive Drug Coverage** list or visit **bcbsm.com/pharmacy**. For information specific to your prescription drug benefits, check your Blue Cross benefits at glance drug summary.

## New generics

When a generic version of a brand-name drug becomes available, the generic version is generally added to the generic tier of the drug list. After the generic drug is added, the original brand-name version will move to a nonpreferred brand tier or nonformulary.

## Generic drug substitution

Generic drug substitution occurs when a pharmacist dispenses a generic equivalent in place of the brand-name product. Generic substitution is required for most Blue Cross members. Members are encouraged to receive the generic equivalent if available. Some Blue Cross members, depending on their plan, may be required to pay the difference between the cost of the brand-name drug and its generic equivalent, in addition to the applicable brand-name copay, if they opt to not fill their prescription with the generic equivalent.

## Brand-for-generic substitution

Select brand-name drugs may be covered at a generic copay, and the generic drug will not be covered. These brand name drugs will be shown without the generic drug and will be listed with a generic copay.

## Prescription coverage

For details about your prescription drug benefits, please call the Customer Service phone number on the back of your Blue Cross member ID card. If you have online access, log in to your account at **bcbsm.com** or the Blue Cross mobile app. You can also find general information about Blue Cross prescription drug coverage at **bcbsm.com/pharmacy**.

## Vaccines

Select vaccines are covered at pharmacies without out-of-pocket costs for most members whose pharmacies participate with Blue Cross and are certified to administer vaccines.

## Reading your drug list

This drug list gives you options so you and your doctor can decide your best course of treatment. In this drug list, brand-name medication names are shown in UPPERCASE (for example, CLOBEX). Generic medication names are shown in lowercase (for example, clobetasol).

### Tier information

Using lower tier or preferred medications can help you lower your out-of-pocket cost. Note: If you have a high-deductible health plan, the tier cost levels will apply once you meet your deductible. For tiering information specific to your drug benefit, check your Blue Cross benefits at a glance drug summary.

Select drugs in the generic, preferred brand or nonpreferred brand tiers may also be covered with no out-of-pocket costs when health care reform requirements are met. These drugs will have a “PV1,” PV2” or “PV3” listing in the “Notes” column of the drug list.

## Drug list information

In this drug list, some medications are noted with letters next to them to indicate which ones may have coverage requirements or limits. Your drug plan determines how these medications may be paid for.

---

<b>AL</b>	<b>Age limit</b> – Age restrictions apply.
<b>ABA</b>	<b>Authorized brand alternative</b> – Approved brand medication marketed by either the brand company or another company without the brand name on its label. Authorized brand alternatives are drugs that are considered brand-name drugs and don't have generic equivalents. These drugs are the same as the brand-name drugs but are not true generic drugs. The respective brand out-of-pocket cost will apply for these medications. Some authorized brand alternatives may not be covered.
<b>OH</b>	<b>OncoHealth</b> – Prior authorization for antineoplastics and oncology supportive care drugs is required through the Oncology Value Management program, which is administered by OncoHealth. Your doctor is required to submit more information to determine coverage.
<b>PA</b>	<b>Prior authorization</b> – Your doctor is required to give more information to determine coverage.
<b>PV1</b>	<b>Preventive 1</b> – Covered with no out-of-pocket cost when health care reform requirements are met. When health care reform requirements are not met, the drug is not covered.
<b>PV2</b>	<b>Preventive 2</b> – Covered with no out-of-pocket cost when health care reform requirements are met. When health care reform requirements are not met, coverage and applicable out-of-pocket costs apply, based on the members' benefit design.
<b>PV3</b>	<b>Preventive 3</b> – Covered with no out-of-pocket cost when health care reform requirements are met. When health care reform requirements are not met, coverage and applicable out-of-pocket costs apply, based on the members' benefit design. Additional coverage requirements may apply.
<b>QL</b>	<b>Quantity limit</b> – The quantity of medication dispensed at one time is limited.
<b>SP</b>	<b>Specialty medication</b> – Specialty medications treat complex health conditions and may require special handling or administration.
<b>ST</b>	<b>Step therapy</b> – Requires you try one or more preferred drugs before a higher-cost medication can be covered.
<b>15DS</b>	<b>15-day supply</b> – Limits the amount of certain specialty drugs to a 15-day supply to help reduce out-of-pocket costs and waste.

# How prior authorization, step therapy and quantity limits work

---

## Prior authorization

Prior authorization may be necessary for coverage of certain medications. In these cases, the member must meet clinical criteria or additional information must be provided before coverage is approved. Clinical criteria are based on current medical information and approved by our Pharmacy and Therapeutics Committee.

## Step therapy

Drugs subject to step therapy may require previous treatment with one or more preferred drugs before coverage is approved.

For a current list of drugs requiring prior authorization or step therapy, see the **Prior Authorization and Step Therapy Coverage Criteria** and refer to the column labeled *Blue Cross*, then *Custom Drug List*.

## Quantity limits

For certain medications, Blue Cross limits the quantity that can be dispensed per fill. Blue Cross sets quantity limits based on clinical appropriateness and manufacturer-recommended dosing for select drugs.

For a current list of drugs that have limits on the quantity that can be dispensed per fill, please see the **Quantity Limit Program**, and refer to the column labeled *BCBSM Clinical*, *Custom*, *Closed Drug Lists*.

## How to request authorization

Consult your prescription drug benefit packet for information on how to get prior authorization or request reviews for coverage of drugs that aren't included in your plan. You can also call the Customer Service number on the back of your Blue Cross member ID card for more information.

- **To request coverage of a drug:** Fill out the **Coverage Request Form online at [bcbsm.com](http://bcbsm.com)**.

- **Write to:**

Pharmacy Services — Mail Code 512C  
Blue Cross Blue Shield of Michigan  
600 E. Lafayette Blvd.  
Detroit, MI 48226-2998

Doctors can request authorization for you. We notify the doctor of approved requests and process the claim accordingly. If a request isn't approved, we'll notify you and the doctor in writing. The notification includes the reason for the denial, an explanation of your appeal rights and the appeals process.

Doctors can request authorization one of four ways:

- **Electronic prior authorization:** Doctors can use their electronic health record or CoverMyMeds® to submit electronic prior authorization requests for commercial pharmacy members.

- **Call:** 1-800-437-3803

- **Fax:** 1-866-601-4425

- **Write:**

## Discrimination is against the law

Blue Cross Blue Shield of Michigan and Blue Care Network comply with Federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability, or sex (including sex characteristics, intersex traits; pregnancy or related conditions; sexual orientation; gender identity, and sex stereotypes). Blue Cross Blue Shield of Michigan and Blue Care Network does not exclude people or treat them less favorably because of race, color, national origin, age, disability, or sex.

Blue Cross Blue Shield of Michigan and Blue Care Network:

- Provide people with disabilities reasonable modifications and free appropriate auxiliary aids and services to communicate effectively with us, such as: qualified sign language interpreters, written information in other formats (large print, audio, accessible electronic formats, other formats).
- Provide free language services to people whose primary language is not English, which may include qualified interpreters and information written in other languages.

If you need reasonable modifications, appropriate auxiliary aids and services, or language assistance services, call the Customer Service number on the back of your card. If you aren't already a member, call 877-469-2583 or, if you're 65 or older, call 888-563-3307, TTY: 711. Here's how you can file a civil right complaint if you believe that Blue Cross Blue Shield of Michigan or Blue Care Network has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance in person, by mail, fax, or email with:
